FOR IMMEDIATE RELEASE

Stars gather for Asia Premiere as Hong Kong's hottest new Indie returns Home

Hong Kong - 30th October 2008 - Art-house Broadway Cinematheque rolls out the red carpet on 30th October to greet the stars and director when it hosts the Asia Premiere Charity Event of local Hong Kong filmmaker Guy Orlebar's directorial debut, the hit new independent movie LOST IN LOVE, to raise money for local charities.

Ever since its conception in 1996, Broadway Cinematheque is the premier art-house cinema of choice for showing quality independent movies from around the world in Hong Kong. The official LOST IN LOVE movie website is at <http://www.LostInLoveMovie.com> and tickets for this Asia Premiere Charity Event are only available in advance by contacting the movie's Hong Kong-based production company, Agog Films, at info@agogfilms.com.

Shot entirely on location in Hong Kong throughout the summer of last year, and featuring an international cast of actors and artists, including Hong Kong's own much-loved veteran of the cinema Gordon Liu (Quentin Tarantino's KILL BILL Volumes I & II) and music legend Yip Sai Wing from Asia's all-time number one rock band BEYOND, the movie LOST IN LOVE returns to the place of its origination after premiering in Hollywood and then Toronto earlier this year.

Already being lauded by reviewers as much "more than a typical romantic film" and very "well-crafted and stunning... four stars!", and in the final stages of negotiations for a US distribution with a series of video games and graphic novels to follow early next year, LOST IN LOVE is now actively seeking suitable distributors in Europe and Asia.
